TOWN WARRANT

The State of New Hampshire

To the Inhabitants of the Town of Danbury in the County of Merrimack in said State, qualified to vote in Town Affairs:

You are hereby notified to meet at the Town House in said Danbury on Tuesday, the ninth day of March, at nine of the clock in the forenoon, to act upon the following subjects:

1. To choose all necessary town officers for the year ensuing.

2. To raise such sums of money as may be necessary to defray town expenses for the ensuing year and make appropriations of the same.

3. To raise such sums of money as may be necessary for the maintenance of highway.

4. To see what action the town will take in regards to the purchase of new truck and snow plow, and make appropriation for the same.

5. To see if the town will vote to raise \$771.06 TRA money and receive State's contribution of \$5,140.40.

6. To see what sum of money the town will raise for the George Gamble library.

7. To see what sum of money the town will vote to raise for the Danbury Volunteer Fire Department.

8. To see what sum of money the town will vote to raise for American Legion for Memorial Day.

9. To see what sum of money the town will raise for the care of cemeteries.

10. To see if the town will vote to authorize the selectmen to borrow money in anticipation of taxes.

11. To see if the town will vote to give a discount on taxes.

12. To see if the town will vote to raise and appropriate a sum not exceeding one-hundredth of one percent ($1/100$ of 1%) of the net assessed valuation based on the assessment of 1953 for the purpose of publicizing and promoting the natural resources of the town, together with other towns in the Dartmouth-Lake Sunapee Region Association. (Est. \$44.30)

13. To see if the town will vote to raise \$200.00 for the Blister Rust control.

14. To see what action the town will take on closing Smith Bridge and highway from Joseph Smart's northerly to Route 4.

15. To see what action the town will take on installing a signal at the depot crossing and make appropriation for the same.

16. To see if the town will vote to discontinue the Municipal Court.

17. To see what action the town will take with regard to the Smith Bridge appropriation.

18. To see if the town will vote to raise a sum of money each year toward the building of a new central school.

Other articles will be added before warrant is posted.

Patrons—51

Circulation—523

The cost of the material for the new shelves was more than anticipated, Mr. Jewett charged very little for

work he did. During the summer Mrs. Harriet Ford and Mrs. Almeda Wiggin worked many hours rearranging and classifying the books, without pay. We think they should be commended for this.

Mrs. Sarah Still and the New London Library donated books to our Library for which we are very thankful.

As our expenses will be the same next year we recommend the amount of \$150.00 be raised at the next March meeting.

The total fires answered eleven (11) 1953

FOREST FIRE WARDEN'S REPORT

I am glad to report during the past year we have been very fortunate in our Forest Fire expenses. During the critical period when there were large fires around us, and having as many as 22 men out of town fighting fire at one time, we were very lucky not to have any fires of our own at that time.

We had three fires the past year. Two were caused by a B.&M.R.R. Diesel engine, one at Ford's crossing, was put out by your fire Chief Ford at no expense. The other in Willard Huntoon's pasture at a cost of \$21.50 to be paid by the Boston & Maine Railroad.

Our only fire cost to the town, was the Mallam fire. Caused by a high wind, blowing a high tension wire against a large elm tree causing a short circuit igniting the bark which blew into the grass setting it a fire.

At our out of town fire in the Croyden-Grantham area we furnished over 2000 man hours labor which was paid for by the town, but later reimbursed by the State.

The Mallam fire expense \$18.83 of which one half was paid by the State is the only fire cost for the Town since 1950. I think this is a good record, and the townspeople should be proud of the record.

Financial Report:

Expense of warden, deputies attending warden's meeting May 11	\$ 7.00
Mallam fire April 23	18.83
Grantham-Croyden (out of town)	2,061.95
Ford's Crossing, B.&M.R.R., Aug., no expense	
Huntoon Fire, B.&M.R.R., Oct. 10	21.50
Warden's expense, posting signs, inspecting incinerators, mileage, telephone	12.75
	<hr/>
	\$ 2,122.03
Amount due town on reimbursements	2,096.36
	<hr/>
Total cost of town	\$ 25.67

Try to keep this record good by remembering—

1. That for permission to burn or have an open fire you must obtain a permit from your local Warden, when the ground is not covered with snow.

2. To be careful when smoking in or near woodland, be careful with cigarettes, matches, and pipe tobacco.

3. To notify your local Warden promptly, when a fire is detected, and aid him in extinguishing it.

4. To be sure you have your incinerator inspected and you have a permit before you use it.

If you do this I know you will do your part to keep our losses and expenses to a minimum.

CHARLES C. MORRISON,
Forest Fire Warden

Days out: Nov. 25, 26; May 30. Close 12:30 Nov. 24, Dec. 22.	

Total number of days required by State Board is 180 including three for institutes and conventions, and up to five for workshops.

Pupils must enter the first grade if six by Sept. 30 and may enter if six before January 1.

Vaccination is required by state law unless child has written excuse from doctor.

**ANNUAL REPORT OF
School Treasurer and School Board
Fiscal Year Ending June 30, 1953
Treasurer's Report**

Summary:

Cash on hand July 1, 1952	\$ 812.58
Rec. from selectmen, cur. appro.	\$ 14,462.42
Rec. from state treas., state aid	3,759.15
Received from trust funds	48.00
Received from all other sources	25.51
Total receipts	<hr/> \$ 18,295.08
Total amount available for fiscal year	\$ 19,107.66
Less school board orders paid	19,097.25
	<hr/>
Balance on hand June 30, 1953	\$ 10.41

ARLENE CHELLIS, Treasurer

Auditor's Certificate

This is to certify that I have examined the books, vouchers, bank statements and other financial records of the treasurer of the school district of Danbury of which the above is a true summary for the fiscal year ending June 30, 1953 and find them correct in all respects.

RAY J. MARTIN, Auditor

SUPERINTENDENT'S REPORT

Several significant changes in educational law were made by the last legislature. The amount of state aid was increased from \$600,000 to \$900,000 with the result that Danbury's increased from \$3,759 to \$6,795 and Canaan's from \$6,958 to \$12,390. The two variables besides the total amount available which affect the amount received are the number of resident pupils in attendance and the adjusted valuations as set by the Tax Commission. A decrease in pupils and a boost in adjusted valuations ruins a district's chances of receiving aid. On this basis Bristol is \$25,000 away. Grafton with a loss in pupils from around 85 to 46 likewise becomes ineligible. Once again we make a plea for state aid in sufficient amounts so that those now receiving it may get more, and so that all districts may obtain some. Aid should be large enough to reduce the local tax assessment where needed and at the same time improve the educational plants and offerings to our pupils. Several millions of dollars are necessary to do these two things. The writer believes that such monies will come only from new sources of revenue, such as a sales tax, and would like to see a tax pegged for state aid including definite amounts for buildings for those districts too poor to provide for themselves. We should not be totally dependent on taxes from tobacco, liquor, and the race track. The economic and social welfare of New Hampshire will be no better than the thinking of the products of its schools.

A new law now requires that all of the \$2.00 per capita tax be spent for supervision. Under this all unions receive \$2,500 from the state, ours gets \$2,750 and some unions more than this. Five assistant superintendents are permitted, and helping teachers may be employed where most needed until the total amount of money is spent. Two new unions may be established. This particular union has been under study as one which could well stand relief but there will be no change for

1954-55. Accordingly this will remain one of the two unions with nine districts sharing this doubtful honor with the Lisbon union. All others have less down to the point where the cities and larger towns may have a superintendent by themselves or a superintendent and an assistant. In our union many evening meetings are necessary and supervision is not as it could be. No job can justify the sacrifice of the physical and mental health of its holder. There are limits to the efficient use of time and energy; eventually neither exists for practical accomplishments. Obviously nine districts can not receive the benefit from anyone that 5, 6 or even 7 can.

Two new age requirements are passed. All pupils must attend school if 6 by September 30 and must remain in school in a district maintaining a high school until 16. These changes aggravate certain problems at both ends of the scale. An extension beyond the age of 16 may well be a reality someday. Programs of study will change to meet an enlargement of an old problem, how and what to teach the non-academic pupil. A question is also raised as to the moral obligation to transport pupils to high school if the law requires their attendance. It is not inconceivable that some legislature in the near future will require this transportation and probably will not supply the funds to do so.

Subversive Teaching. Increasingly important will be the three sided problem of Freedom to Teach versus communism versus communist smear tactics. This has been an issue nationally for some time but it is now filtering down to the local level. We must guard against hypocritical smear attacks against school people using the communist threat as a means to obtain other ulterior and insidious ends. By this we mean such things as charging a teacher with being a communist, or teaching communism, just because we do not like the teacher for any one of a hundred reasons. To do so is using the tactics of the communists themselves.

There is not much new either as to the aims or methods of the communists. In fact communist beliefs and practises have been well documented for nearly 100 years. If no one is allowed to study and to learn about these fiendist things it will be another hundred years before the average person knows much about them. The communists do not need that long to undermine America if it remains with its head in the sands. Teachers must be allowed to teach: 1) the facts, 2) how to find the facts. Any supercritical person can find passages in any book which can be distorted and warped: a distorted and warped persons can find millions of them! Our youngsters will keep as good a balance as we adults show; we can expect no more even though we may have hopes. Let's keep a sensible and sane balance about these things and remember the Bill of Rights, the struggle to obtain it and the basic reasons for its adoption.

Teachers' Salaries. The 1953 Maine Legislature passed a required salary schedule beginning with \$2,400 and ending at \$3,600 for those with the Master's degree. This is a rather remarkable piece of legislation for a conservative New England Legislature to pass. There was a time when Maine was a fertile hunting ground for N.H. superintendents searching for teachers! Of course Maine has a much more liberal state aid law and hence can withhold aid from any district not complying with this schedule. The following facts are taken from the School Executive. The average factory wage has increased more than 300% since 1939. National income is up 400% while teachers' salaries are up 220%. Teachers' salaries would have to be increased more than \$1,000 for the average teacher to show increases comparable to those of the factory worker. Except for local married teachers (some of whom commute) our schools would not be open. How many districts grant sick leave, leave for death in the family, accident and health insurance etc? These are some of the "fringe benefits" which help

to ease low salaries, and are provided by many industries.

As stated in last year's town report estimated high school tuition takes a big jump this year. For all practical purposes these are fixed charges since they must be paid according to law. On the other hand the increase in state aid over two years ago will more than make up for this, and if the present formula is maintained, 1955-56 should see another increase for Danbury. However, the next legislature has the key to this and there are rumors that both the formula and the amount of money available will be changed. We hope that both will be for the better!

Danbury is one of those towns needing building aid assistance. The present limit of borrowing capacity is a bit over \$35,000 which might be about half the amount needed for an adequate modern building.

Respectfully submitted,

C. MAURICE GRAY
Superintendent of Schools
